### Purpose

The Edenton Street UMC Child Development Center is a mission of the church. We provide a high quality preschool program for children two through five years of age. The CDC celebrated 38 years of service in March 2011. Our curriculum focuses on traditional subject matter such as letter recognition, mathematics, science, language and pre-reading skills as well as Christian character development.

### License

The CDC is licensed by the state of North Carolina as a five star Center. We were the first Center in Wake Co. to receive a star license.

### Mission

Edenton Street UMC Child Development Center aims to develop the whole child socially, individually, cognitively, physically, mentally, emotionally and spiritually. We promote learning in a safe, loving and healthful environment by forming a family of children, parents, professional staff and alumni. Building on our historical beginnings, the Center is committed to serving children from a variety of ethnic and socioeconomic backgrounds and to cultivate its strength through diversity.

### Special Activities

The CDC offers chapel, music, and Spanish each week as well as other developmentally appropriate field trips and performances.

### CDC Family

The CDC is committed to the belief that parents and center must work in close harmony in order to give each child the opportunity of reaching his or her full potential in all areas of development.

### Cost:

<u>Class</u>	<u>Age</u>	<u>Tuition</u>
Kangaroos	2 yrs.	\$975
Bears	3 yrs.	\$925
Owls	4 yrs.	\$900

### Staff

We are very proud of the commitment the CDC teachers have shown to the Center and children we serve. The longevity of our staff speaks volumes about their commitment to Early Childhood Education. The average length of service for our teachers is 18 years. We currently have one teacher that has been employed by the CDC for over 35 years and two teachers over 20 years!
